

## Membership:

As a registered Charity we operate on limited funds and your membership helps us to provide information and support to sufferers of Bells Palsy.

Membership costs only £12 per year and we would be delighted if you would join us—simply complete the application overleaf and forward it to us together with your cheque/postal order to the address below.

## Questionnaire:

Please also complete the questionnaire if possible though it is entirely optional and you can join the BPA without providing any of the further information if you prefer. However, if you are or have been a sufferer of Bells Palsy the information you provide us is invaluable in helping us all to understand this distressing condition.

## Donations:

Membership costs only £12 per year or you may simply wish to make a donation. There is no obligation whatsoever to do so and your membership alone is of tremendous help to us.
